
School Facilities

Library

The library is the 'heart' of any academic institution and plays an important role in all academic activities.

Our aim is not only to inculcate good reading habits amongst children but we also ensure that our students and faculty are provided the opportunity and resources to become informed citizens and lifelong learners. VPMS Pune has two separate well stocked and maintained libraries with over ten thousand titles (fiction, nonfiction, reference) and over twenty journals and magazines as well as six dailies. Two trained librarians cater to the needs of the readers of our school.

Physics Lab

Physics is a discipline which encourages scientific enquiry through scientific methods which is a progressive approach through series of experimentation, formulating hypothesis, and verifying it. At VPMS, we have an exclusive laboratory for Physics with equipments and apparatus at par with any leading institution in India. Students are trained to use these apparatus and perform experiments independently as part of their curriculum and for investigatory projects. Competent teachers and trained

lab assistants provide the necessary help and create an atmosphere where students quench their curiosity and nurture their creativity

Chemistry Laboratory

The laboratory has been given a central and distinctive role in science education. The learning experiences given in the chemistry laboratory result in improved attitude towards science instructions and understanding. It also helps to motivate children. The Chemistry lab is a place where students learn to design and execute experiments, learn to generate, analyze and to interpret data.

Biology Lab

The bio lab is spacious and has an extensive range of scientific models, specimens, slides,

charts, instruments, equipments and apparatus that cater to the scientific needs of the secondary and senior secondary level. The lab has a sufficient number of good quality microscopes and other apparatus to do hands on experiments. The Biology laboratory also provides a platform for the budding scientists of the senior secondary section to carry out their projects for their examinations. The records of the lab are well maintained and are updated from time to

time.

‘WELCOME TO THE GEOLAB- A Window to the World

The increasing quantum of knowledge, changing socio-cultural lifestyles and the present tech savvy genre challenge us as teachers. With diverse exposure and knowledge already available at their fingertips, today's generation wants to be taught in the way they will learn. The Geography Laboratory was set up to cater to these challenges.

- The Geo lab is child friendly and attempts to bring the world into the classroom to promote love for the subject through Concept building and inculcate interest in the subject.
- The Teaching methodologies are enhanced by creating a geographical ambience through the well equipped Geo lab.
- The lab provides opportunities for Integrating ICT with Syllabus by making using of PPTs made by the teachers as well as students over a period of time.
- There are several charts on physical elements of nature , 3 D Relief models as teaching aids to help students visualise the various geomorphological features in various geographical regions.
- The lab also functions as a resource room and houses several well designed projects and models of disaster resilient structures in disaster prone regions made by secondary students in the Disaster Management subject.
- The lab provides several hands on activities with the help of several specimens and samples of rocks, soil textures, minerals to cater to different levels of intellect develop group dynamics.
- To make learning enjoyable the lab is also equipped with games developed to reinforce geographical concepts. E.g. snakes and ladders, Electro magnetic board of flags of the world.

The Geo team of teachers endeavour to upgrade the lab and equip it still further with each approaching year to enhance the teaching-learning process and make the learning of geography enriching.

"STOP NOT TILL YOUR GOAL IS REACHED FOR THE SKY IS THE LIMIT AND STARS ARE IN YOUR REACH"

MRS KIRAN JADHAV
HOD GEOGRAPHY DEPT

Mathematics Laboratory

Mathematics Laboratory is a place where students can learn and explore mathematical concepts and verify mathematical facts and theorems through a variety of activities using different materials. These activities may be carried out by the teacher or the student to explore, to learn, to stimulate interest and develop favorable attitude towards mathematics. The Mathematics Lab consists of models in various branches of mathematics like Algebra, Geometry, Arithmetic etc. which are of great help to students from K.G to 10th standard. The models are so

designed to cater to the needs of all segments and learners in verifying formulae results and applications etc.

Computer Labs

Computers have brought about a revolution across all industries and have changed the face of society. They are indeed ruling society hence computer education is extremely important.

To make our students computer friendly and technologically comfortable, we introduce computers to our tiny tots using a play way method.

We have a well designed curriculum for Std. I to Std. XII. To give them hands-on practice, we have three well equipped computer labs for Primary, Secondary and Sr. Secondary students. All the computers have licensed software and have dual booting facility with Windows and Linux operating system.

The entire school is wi-Fi enabled. The teachers are well trained to handle office suites.

Playground

VPMS has a big playground to play Cricket, Hockey, Football as well as a Basketball court, a Volleyball court, which provide excellent training grounds for budding sportsmen. We also have separate halls for Taekwondo, Skating and Gymnastics. A Gymnasium with modern equipment helps the staff members for their fitness. The big playground is useful for the Morning Assembly, Annual Sports Meet and for conducting athletics, field games, PT display, March past and school sports competitions.

Special coaches are available for all the sports activities.

Our tiny tots have separate play area with variety of play equipments, playground and skating hall.

Swimming Pool

"A semi Olympic size swimming pool with a separate baby pool, in the calm, non polluted and serene environment of the school is a proud possession of the Vikhe Patil Memorial School. We aspire to inculcate the life skill of swimming in all the school students. With a crew of trained and certified coaches and life guards we aim to provide swimming training of international standards to all our students. "

Class Rooms, Open Theatre et al.....

Well ventilated, well lit with safe furniture spacious class rooms with big corridors is the base of our school. School is proud to have the Open Theatre in the premises with a seating arrangement for around 800 students. The Seminar Hall, Two Audio Visual Halls, the Multipurpose hall and the Activity Hall are extremely useful for academic as well as Co-curricular Activities, Workshops, Conferences etc. The halls are well lit and adequately ventilated The Halls are well equipped with Projector, K – Yan, Mike System, Sound System etc. The Sports Room, three Staff Rooms are extremely useful for the teachers. Sufficient drinking water facility, clean and sufficient (as per norms) separate toilets for girls, boys and staff completes the infrastructure.

Health care facility

In our school campus we have two well equipped medical rooms available for junior as well as senior school students. We have two trained nurses to take care of emergency medical treatment (First aid) and general illness. Medical checkups are organized and health cards are maintained for each student as per the guidelines prescribed by CBSE.

Counsellor

Do you remember the dilemma of whom to talk to about physical changes, or about the stress of getting exam papers, that awkward feeling of being the shortest in the class? When you think about it, growth and development along with academics can add to some stress for children, especially when they can't voice their confusion to an adult. Counseling provides a safe platform for them to feel not only understood but also find solutions to their dilemmas. Our aim is to not only empower students for achievement of personal goals and extend support when necessary, but also develop harmony of body and mind. The School Counsellor liaisons with teachers and parents to facilitate the process

The school is well equipped to address the social and emotional needs of their students with the assistance of two in house Health and Wellness Teachers

1.Mrs Shraddha Mokashi - Pre Primary - Std V

2.Mrs Priyagee Rudra Std VI-XII

Catering

Foods Smiths has the sole objective to provide catering services of the highest quality and reliability to school children. They serve fresh hot food from their hygienic, clean and well maintained kitchen within the school premises.

All meals are meticulously planned keeping in mind the nutritional balance as per the child's RDA allowance and the variety, taste, likes and dislikes of the children. The menus are made well in advance and on approval from the school uploaded on the website for the parents reference.

Fine Arts

We truly believe in our Motto 'Making Life Meaningful'. The fine arts also provide learners with non-academic benefits such as promoting self-esteem, motivation, aesthetic awareness, cultural exposure, creativity, improved emotional expression, as well as social harmony and appreciation of diverse culture. Fine arts include Art, Dramatics, Tabla, Indian and Western Music. We have expert and competent teachers to train the students.

Vikhe Patil Memorial School, Pune Transport Department

A transportation system is managed by the school authority for bringing students in the school from their home and dropping them. The school manages a fleet of 12 school buses. Some of the buses are VPMS owned and others are on rent from a Pune based transport contractor.

The vehicles are maintained by the contractor. All drivers are physically fit and holds valid school bus driving license. They are familiarised with the updated rules/regulations of motor vehicles driving. School Transport Department puts effort to inform the drivers about various instructions/orders of the school authority time to time.

School Management has also appointed female attendants for each trip of the buses to facilitate the boarding/alighting of students at their respective stops with care and safety.

The School Transport Department has formulated and implemented various policies/regulations in order to ensure smooth functioning of the fleet of the school buses. All the buses are equipped with First Aid Boxes.

The school management has also organised a Transport Committee comprising distinguished (including members from RTO and Police Department) with the principal of the school functioning as Chairperson.

A separate transport department is functional which oversees the functioning of buses, drivers and attendants. The department also redresses grievances/complaints, if any, in a fast track mode.
